Forgotten Books, United States, 2016. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from A Guide to the Microscopic Examination of the Eye This work has been published in response to oft-repeated demands. In it will be found in essence the instruction which I have been accustomed to give in my Microscopic Course, and an account of the methods which I have found to be most generally useful. It was originally my intention to have incorporated it in a larger work on the Pathological Histology of the Eye. I have, however, been invited by Professor Orth to undertake that portion of his Text-Book on Pathological Anatomy which deals with the eye. A technical treatise like this would be out of place in such a work; it is, therefore, presented as a separate volume.
