Forgotten Books, 2018. Hardback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from The Quarterly of the Texas State Historica Association, Vol. 10: July, 1906, to April, 1907 From their position at the mouth of the Mississippi the intrusive French faced a double competition in their attempt to control the surrounding Indians. Within less than a century the anvil of Spanish conservatism, ineffectual but dogged, and the hammer of English expansion crushed French control of the Mississippi, and that great river became the unavailing barrier between the Power of the Past and the Power of the Future. When the latter changed its national designation, but not its stock characteristics, European diplomacy offered the new nation an opportunity to make the vast interior of the continent a political as well as a geographical unit. Then the thin line of fortifications and settlements that imper fectly marked the western limit of France s colonial empire again sprang into international importance. For this reason a compre hensive view of the early history of the Louisiana - Texas frontier is necessary to a proper appreciation of the events following 1803. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
