Certainly, this is the greatest work by any author. It can be written in easy words and phrases rather than confusing. I am just happy to let you know that this is actually the greatest ebook we have studied inside my individual daily life and may be the greatest ebook for at any time.

SIMON SCHUSTER, United States, 2012. Hardback. Condition: New. Language: English . Brand New Book. The true story of a high school senior whose faked pregnancy rocked her community and made international headlines. It started as a school project.but turned into so much more. Growing up, Gaby Rodriguez was often told she would end up a teen mom. After all, her mother and her older sisters had gotten pregnant as teenagers; from an outsider s perspective, it was practically a family tradition. Gaby had ambitions that didn t include teen motherhood. But she wondered: how would she be treated if she lived down to others expectations? Would everyone ignore the years she put into being a good student and see her as just another pregnant teen statistic with no future? These questions sparked Gaby s school project: faking her own pregnancy as a high school senior to see how her family, friends, and community would react. What she learned changed her life forever, and made international headlines in the process. In The Pregnancy Project, Gaby details how she was able to fake her own pregnancy--hiding the truth from even her siblings and boyfriend s parents--and reveals all that she learned from the experience. But more than that, Gaby s story is about fighting stereotypes, and how one girl found the strength to come out from the shadow of low expectations to forge a bright future for herself.
