Born and raised in Boston by two selfish parents, Veronica inherited all of their characteristics. Always having that inner spirit of how things were really supposed to be, compounded by her life s experiences as a child, Veronica has governed herself to lay down a solid foundation for her own children, always uplifting their spirits. From being molested by family members and friends as a child and bouncing from home to home, to allowing unsafe people in her life as an adult, Veronica is fully aware of what she needs to secure in order for her children to have happiness. It was time to take a stand and turn her family roots onto a productive path. Everyone matures in life at different times and now it s her turn. Veronica has found out how to overcome those obstacles and wants to share with others the hope she has discovered with those who think that there is none.
