Reviews

Certainly, this is the greatest work by any author. It can be written in easy words and phrases rather than confusing. I am just happy to let you know that this is actually the greatest ebook we have studied inside my individual daily life and may be the greatest ebook for at any time.

Furious Firefly Publishing, United States, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.One terrifying premonition brings them together. Another will threaten their future. Do dreams come true? Dr. Daniel Woodruff hopes they don't, because his dreams predict a devastating future for him, for those he loves--and for the planet. His latest premonition, which blows a huge crater in his eroding sanity, holds a singular horror--the loss of a wife and unborn child. Yet another reason he can let no one into his chaotic life, least of all a perky, persistent investigative reporter he finds simultaneously frustrating and fascinating. Mel Noblett leaves no stone unturned in her one-woman crusade to save the environment. When a whistleblower in Italy proves too frightened to talk, Mel turns to a fall-back lead, an extremely eccentric, beekeeping professor who might just make the trip worthwhile. Despite their instant attraction, Mel is relieved when Daniel keeps her at arm's length. After all, she has a secret of her own--one that makes her preternaturally good at her job. And, when Daniel's terrifying visions prove cannily accurate and begin to revolve around Mel--it is a gift that could put her life in danger. Warning: Reluctant seer of a bleak future meets petite force of nature who lights up the heart of his darkness. Where there's smoke, there could be an unpredictable blaze of passion, but the rewards are oh, so sweet. Mostly Magic is the second book in the Books of the Kindling, a science fantasy romance series that focuses on Woodruff Mountain, the ancient power beneath it, and the family that has hidden its secrets for centuries. It is a story that moves from the magical beauty of Italy's old city centers to the breathtaking...
