By Martin A Lee

BRILLIANCE AUDIO, 2013. CD-Audio. Condition: New. Unabridged. Language: English . Brand New. Martin A. Lee traces the dramatic social history of marijuana from its origins to its emergence in the 1960s as a defining force in a culture war that has never ceased. Lee describes how the illicit marijuana subculture overcame government opposition and morphed into a dynamic, multibillion-dollar industry. In 1996, California voters approved Proposition 215, legalizing marijuana for medicinal purposes. Similar laws have followed in more than a dozen other states, but not without antagonistic responses from federal, state, and local law enforcement. Lee, an award-winning investigative journalist, draws attention to underreported scientific breakthroughs that are reshaping the therapeutic landscape. By mining the plant's rich pharmacopoeia, medical researchers have developed promising treatments for cancer, heart disease, Alzheimer's, diabetes, chronic pain, and many other conditions that are beyond the reach of conventional cures. Colorful, illuminating, and at times irreverent, this is a fascinating listen for recreational users and patients, students and doctors, musicians and accountants, Baby Boomers and their kids, and anyone who has ever wondered about the secret life of this ubiquitous herb.

Reviews

This pdf may be worth acquiring. It is definitely simplified but surprises inside the fifty percent of the pdf. I am pleased to let you know that this is the very best ebook we have read inside my own lifestyle and could be the finest publication for ever.

-- Prof. Abe Satterfield IV

It is great and fantastic. It can be written in easy phrases and never hard to understand. You will not really feel monotony at any time of your respective time (that's what catalogues are for concerning if you request me).

-- Michel Halvorson
