AUTHORHOUSE, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.What do turtles do in the winter? What do a mink and a wolverine have in common? Do cottonmouths really try to climb in boats? Secrets of the Sloughs is a unique perspective of the fascinating world that exists in many swamps and sloughs not only in Kentucky but in many Midwestern and Southern states. Through descriptive, often-entertaining observations and stunning photography of rarely seen behaviors, the author brings us a new and compelling insight into that secret world. It is a view that many never see, but you will witness up close and personal. There are images that will enthrall you, some that will surprise you, and still others that may keep you awake at night. But you will never look at a slough or wetlands the same again.
